Subject: Goals and Objectives For 2004
Date: Fri, 26 Dec 2003 09:22:31 -0600

All Executive Boards,

Goals and Objectives for the year 2004

The Nuba Christian Family Mission has two fold mission, 1) to bring assistance to the work of the Church in the Nuba Mountains region of the Sudan, building alliances with the Nuba Mountains people to meet their spiritual, social, economic, health, and educational needs. 2) to assist in the resettlement of the Nubians in the United States.

Our top priority for the new year is to get Bishop Andudu visit the United States on March of '04. His presence will give us a first hand account of their development needs and hopefully return with solid evidence of our support for the work of the Church in the Nuba Mountains.

Our second goal for the year 2004 is education program. all the old schools in the Nuba Mountains were destroyed during the war. As a consequence, the children have no place to acquire a formal education. Local community schools are very limited and people can not afford to pay the fees. As a result, children are roaming the streets. We need to serve these children by constructing an elementary school and a secondary school. And we have to provide staff and materials for the new schools as well as adequate learning materials for the missionary schools.

I am very glad at this time to consider this specific project in the Nuba Mountains for our on-going support and specific area of support regarding educational needs. This is a huge project ever for the Nuba Christian Family Mission to start with. I encourage all Executive Boards to get prepared because on-site teams will be required to assist this specific project. Above all let us consider this challenge in our prayers, in whom we have hope and trust will bless every step we approach.

I wish you all Merry Christmas and Happy new year!!!!

Karim El-Gassai
Secretary General (NCFM)
